Vane Axial DC Fan Series

For use in high static pressure environments

ORID1238-VXC

Size: 120 x 38mm
Airflow: 140-283 CFM
Max. Static Pressure: 1.85" H₂O

ORID9238-VXC

Size: 92 x 38mm
Airflow: 135 CFM
Max. Static Pressure: 0.74" H₂O

ORID8038-VXC

Size: 80 x 38mm
Airflow: 112 CFM
Max. Static Pressure: 1.1" H₂O

ORID6038-VXC

Size: 60 x 38mm
Airflow: 61 CFM
Max. Static Pressure: 1.59" H₂O

Features and Benefits

- Increased airflow up to 283 cfm
- Minimum life expectancy 65,000 hours
- Applications: networking and telecom, industrial electronic cabinets, medical imaging equipment (CT scanner/MRI)
- Dual ball bearing system with a brushless DC, auto restart, polarity-protected motor
- Available special options include: PWM, tachometer, alarm and thermal control
- Worldwide availability with JIT delivery programs
