Article 33 of EU Regulation 1907/2006

The product(s) referenced above, as well as any articles* contained within the product(s) DO NOT CONTAIN any of the 250 REACH SVHCs as updated by ECHA on June 25 2025. (<https://echa.europa.eu/candidate-list-table>)

*An "Article" is any item within a part or component of the product which during production is given a special shape, surface or design that determines its function to a greater degree than its chemical composition. An example of articles within an electronic component would be the leads of a through-hole capacitor. For more information, please refer to Example 21 of the EU Chemicals Agency "Guidance for Requirements on Substances in Articles"
