

Product Discontinuation Notice
October 1, 2025

Products Affected: P/N: AFM-KIT
Type of Change: Product Discontinuation
Reason for Change: Supply Chain Disruption to Critical Components

Discussion:

Orion Fans occasionally makes changes to our Commercial Off the Shelf (COTS) products as we recognize the needs of our customers, stakeholders, and supply chain partners. After careful evaluation, we've decided to discontinue this kit to reduce product waste and better align with how customers use these components. Individual parts within the kit consisting of the AFM Modules, Guards, and Clips, will continue to be manufactured and are available when the following part numbers are purchased:

AFM-80NC
AFM-80NO
AFM-92NC
AFM-92NO
AFM-120NC
AFM-120NO

Implementation of this change is immediate as of the date of this notice.
