

Product Discontinuation Notice
Issued July 9, 2021, Revised April 12, 2024

Products Affected: OSP Series Switched Power Distribution Units
Type of Change: Product Discontinuation

Discussion:

After careful consideration, Orion Fans has determined that our current offering of smart power distribution units (PDU) will no longer be produced. Development of these products ended in 2013, and software support is no longer available with modern operating systems and networking technologies.

At this time there are no replacement models available. We appreciate your understanding. Below is a list of discontinued models.

Discontinued Part Numbers
OSP-V16-23-16-N1
OSP-V20-11-16-N1
OSP-H16-23-08-N1
OSP-H15-11-08-N1
